Crossover Event

CMC Drivers Duke it out at Putnam

CMC Race on Saturday;

Bob Denton qualified first, Sidney Franklin second, Bryan White third, and Kent Owens fourth. Bob was able to check out while Sidney and Bryan were racing for second place until handling and engine issues caused Bryan to drop back resulting in a nose to tail finish for third and fourth by Bryan and Kent. Finishing order Bob first, Sidney second, Bryan third, Kent fourth.

CMC Race on Sunday;

Sunday was better and worse. Bryan had motor issues and did not run. Qualifying was Bob first, Sidney second, Kent third. At the green Sidney took off while Bob was sleeping and was able to put a couple FFR's between them by the 3rd corner. A few laps later Sidney had trouble passing one of the FFR's, just about punting him in 7 when he locked up the rears. This let Bob by the FFR's and the next lap going into 7 Bob made the same move on Sidney and it stuck. Sidney was able to stay behind Bob for a few more laps until he started having transmission problems causing him to park the car on the inside of turn 3 for the rest of the race. Finishing order Bob first, Kent second, Sidney third.
